**Introduction**

**1. About AAFCS**

The American Association of Family and Consumer Sciences (AAFCS) was established in 1909 as the American Home Economics Association. Since that time, AAFCS has been committed to optimizing the well-being of families and individuals by empowering members to act on continuing and emerging concerns; focusing the expertise of members for action on critical issues; and assuming leadership among organizations with mutual purposes. To this end, AAFCS is involved with a range of activities such as advocating the Code of Ethics, publishing a professional journal, accreditation of academic programs, and offering professional certification opportunities to those practicing in the field.

**2. About National Professional Certification**

AAFCS conducts a national credentialing program for family and consumer sciences professionals. The Certified in Family and Consumer Sciences (CFCS) professional certification involves three components: specified prerequisites, a standards-based examination system, and continuing professional development. The Council for Certification (CFC), an autonomous unit within the AAFCS association, is charged with assuring the integrity and high standards of its professional certification program. The Council is responsible for developing criteria, standards, policies, and procedures that govern the national certification program for Family and Consumer Sciences professionals. Although the Council for Certification reports to the AAFCS Board of Directors and Senate, the Board of Directors and Senate have no authority to overturn the

Council’s decisions on matters pertaining to professional certification, including the examination system. The Council regularly reviews, revises, and publicizes policies guiding the certification program. Information about the certification program appears in AAFCS publications, in newsletters of affiliate family and consumer sciences associations, and in annual mailings to those who are certified.

### **3. About The AAFCS/CFC National Examinations**

AAFCS offers standards-based examinations that test the subject matter competence of professionals who plan to practice in family and consumer sciences or one of the areas within family and consumer sciences. Three examinations are currently offered. They are:

- Family & Consumer Sciences (FCS) – Composite Examination
- FCS – Human Development & Family Studies (HD&FS) Concentration Examination
- FCS – Hospitality, Nutrition, & Food Science (HN&FS) Concentration Examination

These examinations serve multiple purposes. Colleges and universities can use them to test the subject matter competence of their graduates; credentialing agencies can use them to test subject matter competence of candidates, employers can use them to determine subject matter competence of potential employees and professional development needs of employees. Achieving a passing score on one of the exams is a way of assuring others that a family and consumer sciences professional has attained a threshold level of knowledge about the field.

The AAFCS/CFC national examinations align with the competency standards and the structure of educator certification for family and consumer sciences teachers adopted by the State Board of Educator Certification (SBEC) in Texas. Consequently, SBEC has authorized use of the AAFCS/CFC examination system as the basis for establishing content area competency required for the three family and consumer sciences educator certificates available in Texas beginning in 2004.

### **Goals and Eligibility for the CFCS Credential**

Passing one of the AAFCS/CFCS examinations is a requirement for the national professional certification in family and consumer sciences, known as Certified in Family and Consumer Sciences (CFCS). On the basis of successful performance on one of the exams, persons obtaining family and consumer sciences Texas teacher certification will have satisfied one of the requirements for obtaining the national CFCS credential. Becoming a CFCS, CFCS-HDFS, or CFCS-HNFS provides an important statement to others of your commitment to professionalism. Earning the right to use the credential designations after your name affirms your competence in family and consumer sciences and your commitment to continuing professional development. It assures others that you have current knowledge, skills, and abilities that enable you to improve the quality and standards of individual and family life through education, research, cooperative programs, and public information. See [www.aafcs.org](http://www.aafcs.org) for more information about achieving CFCS certification status after passing the examination.

The AAFCS examinations and CFCS credentialing program are designed to:

- assure the public that family and consumer sciences professionals have attained a threshold level of knowledge and competence in family and consumer sciences subject matter that enables them to perform services as defined by the profession;
- foster excellence in the family and consumer sciences profession and to develop criteria for assessing such excellence; and
- promote the professional growth of individuals in family and consumer sciences by encouraging a systematic program of certification, professional development and continuing education.

To be eligible to take the national examinations for FCS, FCS - HDFS, or FCS – HNFS, the candidate must have graduated from an accredited educational institution with a baccalaureate degree, or plan to graduate within the year. Some institutions use the national examination system as a pre-test; these candidates take the exam on the schedule established by their school. Likewise, examinations can be accessed according to testing eligibility criteria established to obtain teacher certification through the State Board for Educator Certification in Texas.

To obtain the national CFCS certification, the candidate must:

1. Pass the examination for the CFCS certificate pursued;
2. Subscribe to the AAFCS Code of Ethics;
3. Provide an official college transcript;€€
4. Submit a CFCS certification application and fee based on your status as a member of AAFCS, non-member, or graduating senior.

### **Examination Eligibility for Texas Teacher Certification**

In order to utilize one of the AAFCS/CFCS exams to meet content specialization testing requirements for Texas teacher certification, candidates must meet one of the following criteria:

1. **University-Based Initial Educator Preparation (I)** – The candidate is completing program requirements for a standard certificate at a Texas college or university and does not hold any Texas standard or lifetime teacher certificate.
2. **University-Based Additional Educator Preparation (A)** – The candidate currently holds a bachelor’s degree and a valid Texas standard or lifetime teacher certificate and is seeking a standard certificate in another area of certification after completing coursework through a Texas educator preparation program.

Note: Candidates registering for an examination on the basis of either of the above two criteria must obtain an official authorization-to-test bar code label from their educator preparation program advisor, director, or certification officer. This label must be affixed to the examination registration form (for initial testing and for any subsequent retesting).

3. **Alternative Certification Educator Preparation (AP)** – The candidate is completing requirements for a standard certificate through a Texas alternative certification program approved by the Texas State Board for Educator Certification.

4. **Out-of-State or Out-of-Country Certification (O)** – The candidate is seeking Texas family and consumer sciences teacher certification equivalent a valid teaching credential from another state or another country.
5. **Additional Certification by Examination Only (E)** – The candidate holds a bachelor’s degree and a valid Texas standard or lifetime teacher certificate and is seeking to obtain a family and consumer science certificate solely on the basis of demonstrating content-specialization competency by passing the appropriate examination.
6. **Charter School ©** – The candidate is seeking to demonstrate content mastery as a charter school teacher.
7. **Temporary Teacher Certificate (T)** – The Texas State Board of Educator Certification has reviewed the candidate’s transcript, and the candidate meets the eligibility requirements to seek a temporary teacher certificate.

Note: See [http://www.texas.ets.org/assets/pdf/charter\\_school\\_codes.pdf](http://www.texas.ets.org/assets/pdf/charter_school_codes.pdf) for a list identification codes for approved Texas charter schools.

<b>Examination Availability</b>
---------------------------------

FCS, FCS - HDFS, or FCS – HNFS examinations **may only be taken during the authorized examination periods or windows**. Please note the following examination schedule and associated deadlines:

<b>Examination Windows</b>	<b>Applications must be received at AAFCS by:</b>
January 1 – January 31	December 20
March 1 – March 31	February 20
May 1 – May 30	April 20
July 1 – July 31	June 20
September 1 – September 31	August 20
November 1 – November 30	October 20

## Examination Registration

There are two alternative ways in which the AAFCS certification examinations (FCS, FCS - HDFS, or FCS – HNFS) are offered to candidates:

1. Candidates may take the examination at a Schroeder Measurement Technologies, Inc. (SMT) computer-based testing center - at the location most convenient to the candidate's geographical area.

**OR**

2. AAFCS also allows academic institutions to conduct special administrations of the examinations to its candidates (students) in paper-and-pencil format at their school locations. This option is available if an academic institution has made prior arrangements with AAFCS. Availability of this option can be determined by checking with the university family and consumer sciences educator preparation program administrator or by contacting the Director of Certification at AAFCS headquarters American Association of Family & Consumer Sciences; 400 North Columbus Street, Suite 202; Alexandria, VA 22314, Phone: (703)706-4600, Toll-free: (800)424-8080, Fax: (703)706-4663.

### **INSTRUCTIONS AND PROCEDURES REQUIRED FOR TAKING THE EXAMINATION AT A SMT COMPUTER-BASED TESTING CENTER:**

- *Step I. Application Form.* Complete the Examination Application Form following page 12 of this candidate information. Incomplete applications or applications that have not been signed will not be processed, but will be returned to the candidate. During a month-long testing window, a candidate may take only one of the three examinations and may take it only once.
- *STEP II. Submit Form.* Submit application form either by mail or FAX to:

**American Association of Family & Consumer Sciences**

Attn: Certification Department  
400 North Columbus Street, Suite 202  
Alexandria, VA 22314

(800) 424-8080 (toll-free phone)  
(703) 706-4663 (facsimile)

**IMPORTANT NOTE: Do NOT attach the \$150.00 examination fee to the application form. Candidates taking the examination at a SMT Computer Based Testing Center will pay the examination fee directly to SMT when registering for their exam date.**

- *Step III. Authorization Letter.* The application form will be reviewed by the

AAFCS Certification Department to verify completeness and the candidate's eligibility to take the examination. Then, the candidate will receive, via email, a non-transferable authorization email from SMT to take the exam during the specified month long testing window.

- *Step IV. Appointment to Take the Exam.* The authorization email from SMT will contain information and instructions on scheduling a test date at one of their Computer Based Testing Centers. A **User ID** and **Password** will be given to each candidate to register online for a testing location and test date. Using the candidate's zip code, the five closest testing centers will be available to choose from. The candidate will be required to pay the \$150.00 (U.S.D) examination fee at this time. Payments are made by credit card (Visa, Master Card, or American Express). If the candidate chooses to not charge the examination fee to a credit card, special arrangements must be made with SMT for payment by cashier's check, certified check or money order. The appointment will not be finalized until SMT receives payment of the examination fee. Please contact the SMT representative, who sent the authorization email, if there are further questions regarding testing times and locations. To look up testing locations prior to the exam registration process please go to [www.smttest.com](http://www.smttest.com).

#### **IMPORTANT NOTES:**

The examination fee is non-refundable. If a candidate finds it necessary to reschedule a SMT appointment, he or she must call the SMT representative **at least 48 weekday hours prior to the appointment time**. Failure to do so will forfeit the examination fee.

If a candidate fails to attend the examination (in other words, a "no show") or cannot be admitted for any reason, the examination fee will be forfeited. A new appointment and examination fee of \$150.00 will be required.

#### **Retaking the Examination**

If the candidate does not achieve a passing score on the examination, he or she may sit for the examination again. To take the examination again, the candidate must submit a new application and examination fee, following the complete 4-step procedure outlined above. During a month-long testing window, a candidate may take only one of the three examinations and may take it only once.

The report issued to a candidate who has not passed the test provides (a) an overall scale score, and (b) a diagnostic breakdown of the candidate's strong and weak areas. This information is provided in order to enable the candidate to use this information to focus study efforts on weak areas in preparation for taking the examination again.

## Examination Administration

The candidate is to arrive at the test center at the time noted on the authorization admission documents. In order to be admitted, the **Admission Letter** and a **photo identification** is required. **A candidate will not be admitted without proper identification.** The only acceptable forms of identification are: driver's license, government-issued identification card, or a passport. No other forms of identification will be accepted. If the candidate's name has changed since receiving the admission letter, the candidate must bring legal documentation showing the previous name and current name (for example, divorce decree, court order, marriage license, or notarized affidavit).

**No candidate will be admitted without the required documents. This policy is applicable for both original candidates and those who take the examination again. No walk-in candidates will be admitted.**

### Administration of the Examination at a SMT Computer Based Testing Center:

After establishing positive identification, the candidate will be escorted to a computer station to begin. Before beginning the test, the candidate will fill out a series of screens that will gather basic identifying information (name, address, Social Security number, etc.). The system then compares this information to the registration record as a second quality assurance measure. Following the identifying information screens, a practice test is presented to train the candidate on how to use the computer mouse or keyboard to take the test. Additionally, the proctor is trained to assist candidates if they have any questions about how to use the system. The system is extremely user-friendly and can be completely operated with a few keys or a computer mouse. After the demonstration test, which is un-timed, the candidate will be asked if he or she wishes to begin the test. If yes, the clock begins and the first question appears and the screen will continuously show how much time has elapsed. Each test question is an independent item. The best answer should always be selected. The candidate will have the option to "tag" questions for review later. At any time, candidates can ask the computer to display a list of the questions that have been tagged, review them, change the answers, etc. The test ends when 3 hours have elapsed (after a 10 minute and 5 minute warning), or when the candidate asks the computer to end the test. Warnings will be given at 10 minutes and 5 minutes before the 3 hours elapse. The system will then ask the candidate to fill out a short questionnaire about the experience at the test center (the proctor's behavior, level of service, ease of use, etc.). After completion of the examination, the candidate will receive an immediate official grade report.

*Passing candidates will receive a packet of information and application form for national CFCS certification from AAFCS approximately 2-3 weeks following the successful completion of the examination.*

*Passing candidates who have completed all other requirements for Texas teacher certification should then work directly with the Texas State Board for Educator Certification to complete certification application procedures.*

## Examination Rules

1. Dress is “business casual” (neat...but certainly comfortable).
2. Failure to follow test center instructions will result in the candidate’s application being voided and forfeiture of the application fee. Conduct that results in a violation of security or disrupts the administration of the examination could result in dismissal from the examination. In addition, the examination will be considered void and will not be scored. Examples of misconduct include, but are not limited to,
  - Writing on any material unless directed by the Exam Supervisor or Proctor
  - Talking to a person other than a Exam Supervisor or a Proctor during the examination
  - Looking at another candidate’s exam responses
  - Allowing someone to look at or copy from your exam responses
  - Continuing to work on the exam after time is called
  - Removing, or attempting to remove, any secure material or information from the examination room.
3. Candidates must not discuss or possess reference materials or any other examination information at any time during the **entire** examination period. Candidates are particularly cautioned not to do so after having completed the exam and checked out of the test room, as other candidates in the area could be taking a break and might not have completed the examination. Candidates may not attend the examination only to review or audit test materials. Candidates may not copy any portion of the examination for any reason. No unauthorized persons will be admitted into the testing area. Please be further advised that all examination content is strictly confidential. **At no other time, before, during, or after the examination, may candidates communicate orally, electronically or in writing with any person or entity about the content of the examination or individual examination questions.**
4. Reference materials are not allowed in the testing room. Candidates are asked to bring as few personal and other items as possible to the testing area.
5. While the site climate is controlled to the extent possible, candidates should be prepared for either warm or cool temperatures at the testing center to reduce the likelihood of becoming uncomfortable. Cellular phones and beepers are prohibited in the testing area. Electrical outlets will not be available for any reason. The use of headphones inside the testing area is prohibited. Earplugs for sound suppression are allowed. No smoking or use of tobacco will be allowed inside the testing area. Food and drinks are not allowed in the testing room. Candidates must vacate the testing area after completing the examination. Due to limited parking facilities at some sites, candidates should allow ample time to park and reach the testing area.

## Examination Scoring

The examination consists of 150 multiple choice questions with four (4) choices for each question. Thirty of these questions are included for research purposes only. The research questions are not identified; therefore, all questions are to be answered to the best of the candidate's ability. Examination results will be based only on the 120 scored questions on the examination. There are multiple versions of the examination. It is important that each candidate have an equal opportunity to pass the examination, no matter which version is administered. Expert FCS practitioners have provided input regarding the difficulty level of every question used in the examinations. That information is used to develop examination forms that have comparable difficulty levels. When there are differences in difficulty in different versions of an examination, a mathematical procedure is used to equalize the difficulty scores. Because the number of questions required to pass the examination may vary for different test versions, the scores are converted to a reporting scale to ensure a common standard. The passing grade required is a scale score of 240 out of a possible 300 points on the scoring scale.

Should a candidate who fails the exam request that their examination be re-scored, the request and reason must be made in writing and submitted to the Certification Department at AAFCS with a \$25.00 rescoring fee. If the examination is rescored and an error is found in the scoring, the \$25.00 rescoring fee will be refunded and the corrected score will be reported. If the original score is found to be accurate, the \$25.00 rescoring fee will not be refunded.

## Examination Results

Official examination results will be provided immediately following the examination if the candidate sits for the exam at a SMT computer-based testing center. Consistent with testing industry standard practices, passing candidates will be given pass-status information only, not numeric scores. Failing candidates will be provided with an overall numeric scale score and diagnostic information of strong and weak areas.

Should a candidate need a duplicate of the official examination results that was provided at the test center, a written request must be submitted to the Certification Department at AAFCS. The request must include the candidate's social security number and current mailing address. A duplicate score report will then be mailed to the candidate. Results WILL NOT be released over the phone because positive identification cannot be established.

*Passing candidates will receive a packet of information and application form for national CFCS certification from AAFCS approximately 2-3 weeks following the successful completion of the examination.*

*Passing candidates who have completed all other requirements for Texas teacher certification should then work directly with the Texas State Board for Educator Certification to complete certification application procedures.*

## Special Accommodations and Language Policies

AAFCS provides special accommodations in accordance with the Americans with Disabilities Act of 1991 (ADA). If a disability prevents a candidate from taking the examination under normal conditions, he or she may request special accommodations. The request must be in writing, accompany the application form, explain the name of the disability (i.e. the diagnosis), the type of accommodation the candidate is requesting, and must include attached supporting documentation of the diagnosis from a qualified healthcare professional. After receiving the request and appropriate documentation, the candidate will be contacted to make arrangements for special accommodation.

Please note that for reasons related to examination standardization, security, and cost, the AAFCS examinations are offered only in English at this time. If English is not the primary language, AAFCS recommends (but does not require) that candidates consider sitting for the TOEFL (Test of English as a Foreign Language) examination before sitting for the AAFCS examination. Candidate scores on the TOEFL® will provide a useful gauge for understanding if reading and comprehending English will provide difficulty for the candidate on the AAFCS examination. The TOEFL® examination is offered at multiple locations both domestically and internationally throughout the year at Sylvan Learning Centers®. More information is available on the Sylvan web site.

## Examination Preparation

This Candidate Information Brochure was developed to outline the administrative policies, procedures, and other information relevant to taking one of the AAFCS/CFC national examinations. It is intended to be used in concert with the companion document, the *AAFCS Examination Study Guide*, which is available in downloadable format on the SBEC website (<http://www.sbec.state.tx.us/SBECOnline/standtest/guidprepman.asp>). This manual provides comprehensive information important for preparing for the AAFCS/CFC national examinations, including examination specifications, sample test items, suggested reference sources, etc.

**Reason for Testing:**

*Check the box indicating the reason or circumstances for taking the exam:*

- I = University-Based Initial Educator Preparation (affix bar code label below)
- A = University-Based Additional Educator Preparation (affix bar code label below)
- AP = Alternative Certification Educator Preparation
- O = Out-of-State / Out-of-Country Certification (Identify state or country)\_\_\_\_\_
- E = Additional Certification by Examination Only
- C = Charter School (Identify charter school code from web link on page 3)\_\_\_\_\_
- T = Temporary Teacher Certificate

**Proof of Examination Eligibility  
(Affix bar code label for examination  
reasons I, A, or AP)**

**Affidavit and Examination Agreement (Read the statement carefully and sign in ink):**

I hereby affirm that:

- I am eligible to sit for the AAFCS examination based upon the requirements that are described in this bulletin.
- I will treat all information related to the examination as confidential, whether provided to me by AAFCS or received from other sources.
- All information provided by me in this application is true to the best of my knowledge. AAFCS may, in its sole discretion, make inquiry of individuals and organizations directly or indirectly referenced in any part of this document to verify the accuracy and completeness of the information I have provided. I have fully read the contents of the Candidate Information Bulletin and agree with all examination and other policies contained therein.
- I understand that my successful performance on one of the exams in the AAFCS examination system will satisfy one of the requirements for the corresponding Texas teacher certification. I will make formal application for teacher certification with the State Board for Educator Certification after all qualifying requirements have been met.
- I understand that my successful performance on one of the exams in the AAFCS examination system will satisfy one of the requirements for the CFCS national professional certification. Subsequently, obtaining the CFCS credential would be optional and would require submitting a CFCS certification application and fee, agreeing to abide by the following Code of Ethics, and meeting ongoing professional development requirements.
- I understand that my test score will be reported to me, the State Board for Educator Certification, and the Texas educator preparation program indicated on this registration form.
- I understand that the cost of the electronically administered examination is \$150 to be paid directly to Schroeder Measurement Technologies, Inc. when the examination date and time is scheduled.

# AAFCS Code of Ethics

---

## **Preamble**

These principles are intended to aid members of the American Association of Family and Consumer Sciences individually and collectively in maintaining a high level of ethical conduct. They are guidelines by which a member may determine the propriety of conduct in relationships with clients, with colleagues, with members of allied professions and with various publics.

A member of the family and consumer sciences profession and of the American Association of Family and Consumer Sciences shall:

- Maintain the highest responsible standard of professional performance, upholding confidentiality and acting with intelligence, commitment, and enthusiasm.
- Fulfill the obligation to continually upgrade and broaden personal professional competence.
- Share professional competence with colleagues and clients, to enlarge and continue development of the profession.
- Support the objectives of the American Association of Family and Consumer Sciences and contribute to its development through informed, active participation in its programs.
- Advance public awareness and understanding of the profession.
- Maintain a dedication of enhancing individual and family potential as a focus for professional efforts.

## **Principles of Professional Conduct**

The following Statement of Principles are intended to aid members of the American Association of Family and Consumer Sciences individually and collectively.

### **Statement of Principles for Professional Practice**

#### **Preamble**

The mission of the American Association of Family and Consumer Sciences is to affect the optimal well being of families and individuals by:

- empowering members to act on continuing and emerging concerns;
- focusing the expertise of members for action on critical issues;
- assuming leadership among organizations with mutual purposes.

These Principles of Professional Practice guide American Association of Family and Consumer Sciences members in all categories; those Certified in Family and Consumer Sciences; applicants for membership in the Association; and applicants for the Certified in Family and Consumer Sciences designation. The Principles also provide members of the Association with guidelines and with descriptions of the actions required for ethical professional practice.

## **Professional Competence**

**AAFCS** members base their competence on educational degrees earned from regionally accredited institutions and from training, experience, and certification programs recognized by AAFCS.

**AAFCS** members seek continuing education reflecting new expectations, procedures, and values.

**AAFCS** members assure accurate presentation of their work by organizations with whom they are affiliated.

**AAFCS** members identify themselves as Certified in Family and Consumer Sciences in cases in which this designation is consistent with the procedures and guidelines of the AAFCS Council for Certification. They may use the CFCS acronym in this identification and designation.

**AAFCS** members claim competence only in an area or areas for which they have education, training, and experience.

**AAFCS** members accurately present competencies of students, supervisors, colleagues, and others with whom they work.

**AAFCS** members practice within the law and within the recognized boundaries of their education, training, and experience.

**AAFCS** members verify the credentials of their employees and supervisors.

**AAFCS** members refrain from professional practice when impairment due to mental or physical causes, including chemical and alcohol abuse, affects professional competence. Members seek appropriate professional help for such impairments.

## **Respect for Diversity**

**AAFCS** members respect differences in the abilities and needs of the people with whom they work.

**AAFCS** members recognize that differences exist among individuals and families and do not discriminate against or patronize others.

**AAFCS** members obtain education, training, and experience to provide competent services to persons of diverse backgrounds or persuasions.

**AAFCS** members conduct research relating to the uniqueness of individuals and families.

**AAFCS** members utilize and present subject matter in such a way as to recognize and develop appreciation of diversity.

## **Scholarship and Research**

**AAFCS** members conduct, utilize, and report research using recognized research procedures and facilitate professional standards for the respective research foci.

**AAFCS** members secure review and approval of research designs by knowledgeable professionals consistent with standards used by institutional review boards.

**AAFCS** members, as part of research efforts, secure review of research designs by knowledgeable professionals not directly involved in the investigation.

**AAFCS** members secure the informed consent of research participants based on disclosure of the research design and potentially harmful effects of participation. Investigators are especially sensitive to consent among at-risk and protected populations.

**AAFCS** members honor individuals' choice to decline participation or withdraw at any time from research studies.

**AAFCS** members acknowledge through publication credit and other avenues the efforts and contributions of others to research activities.

**AAFCS** members are obliged to take steps to ensure that their research findings are accurately and clearly understood by consumers.

**Confidentiality**

**AAFCS** members maintain and guard the confidentiality of persons with whom they have professional relationships.

**Conflict of Interest**

**AAFCS** members avoid conflicting roles and take active steps to prevent and avoid exploitation of the individuals with whom they work.

**AAFCS** members assume responsibility for fair treatment of consumers, other professionals, and individuals and/or families.

**AAFCS** members make financial arrangements with clients, third-party payers, and supervisors that conform to commonly accepted professional practices and that are easily understood by all populations served.

**AAFCS** members report truthfully all professional services rendered.

**Responsibility to the Profession**

**AAFCS** members support the objectives of the American Association of Family and Consumer Sciences and contribute to Association roles and development through active, informed participation.

**AAFCS** members advance public awareness and understanding of the Association and its mission.

**AAFCS** members respect the rights and responsibilities of peers.

**AAFCS** members devote time and energy to public policy issues and to the public good.

**AAFCS** members speak on behalf of the Association in ways consistent with the directives and policies of the Association Board of Directors.

**AAFCS** members utilize the American Association of Family and Consumer Sciences logo only in ways approved by the Association Board of Directors.
