- ▲ Join us to #ElevateFCS! Family and Consumer Sciences professionals are on the frontlines of solving some of society's most pressing issues by helping others develop essential skills to live and work in a complex world! From putting nutritious food on the table to knowing the value of a dollar, FCS prepares people for real life and builds a foundation for #FCSsuccess.
- ▲ It's time to #ElevateFCS and the important work of Family and Consumer Sciences professionals who are on the frontlines helping others develop essential skills to live and work in a complex world. What is the most important skill taught within FCS?
- ▲ Let's #ElevateFCS! From the classroom to the boardroom, #FamilyConsumerSciences professionals are instilling the skills, the tools and the know-how to help people live long, healthy and fulfilling lives. What motivates you to make a difference and achieve #FCSsuccess?
- ▲ It's time to #ElevateFCS! Students and professionals across the country join together to celebrate the great work of Family and Consumer Sciences! Give a shout out and tell us the city and state where you experience #FCSsuccess.
- ▲ Did you know that a foundation in Family and Consumer Sciences means a foundation for a successful life? With the challenges facing the world today, there has never been a more important time to set a foundation in FCS or a more rewarding time to embark on a career in FCS. #ElevateFCS
